

# Imagining the Future

## Creating a human centred tomorrow

@ChiefDisrupter

@DisruptSydney  
2017

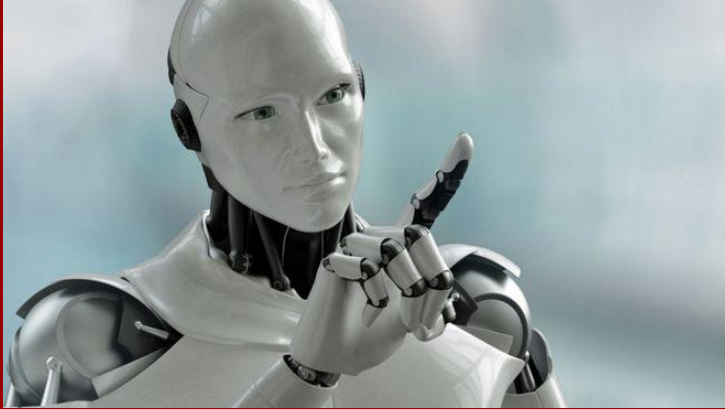

# Global dilemma

Global unemployment will  
reach 200.5 million by 2017

[ILO's World Employment and Social Outlook – Trends 2016 \(WESO\)](#)

# Enabling or Disabling Technology

**Robots Are Already  
Replacing Human  
Workers At An  
Alarming Rate**

**Vinnies CEO Sleepout  
cops backlash for use  
of VR goggles to  
simulate homeless  
experience: “You  
don’t gamify  
disadvantage like  
this”**

Progress just isn't progress, if we leave people behind.

15-17 September 2017

Progress isn't progress, if we leave  
people behind.

So, let's take them with us.

@ChiefDisrupter

# Its up to us

The best way to predict the future ...  
is to create it.
