# Introduction

# Double taxation

- •The imposition of tax on the same income by multiple jurisdictions.
- •Two forms exist:
  - Economic double taxation the taxation of the same income, in the hands of different taxpayers, by multiple jurisdictions.
  - Juridical double taxation the taxation of the same income, in the hands of the same taxpayer, by multiple jurisdictions.
- Implications of double taxation
  - Discourages international trade;
  - Discourage foreign direct investment; and
  - Slows economic growth.
- Measures to avoid double taxation
  - Double Taxation Avoidance Agreements (DTAs)

# **Double Taxation Agreements**

•Bi-lateral international treaties/agreements purposed at allocating taxation rights between multiple jurisdictions.

•What are the objectives of DTA's?

- Eliminate double taxation
- Encourage exchange of tax information
- Promote foreign direct investment

**14 DTAs since independence:** France, Germany, India, Iran, Norway, South Africa, Sweden, United Kingdom, Zambia, United Arab Emirates, Qatar, South Korea, Denmark and Canada

# DTA Authority

#### International Law

- Vienna Convention on the Law of Treaties (VCLT)
- Article 2 Defines a treaty as an international agreement concluded between States and governed by international law.
- Article 27: Provides one cannot invoke internal law for failure to perform a treaty- Supremacy of the DTA's

# DTA Authority

#### **Domestic Legislation**

- Article 2 (6) Constitution of Kenya, 2010
- Provides 'Any treaty or convention ratified by Kenya shall form part of the Law of Kenya under this Constitution.
- Treaty Making and Ratification Act, 2012
- > Domestic legislation implementing Article 2 (6) Constitution of Kenya, 2010.
- Provides the treaty entering, ratification and enforcement process.
- Income Tax Act, 2014
- Section 41 seeks to implement DTAs in domestic legislation.
- Section 41 (5) Limitation of Benefits clause.

## Controversy – Domestic vs. International Law

- Income Tax Act, 2014
- Section 41 (5) Limitation of Benefits clause.
- Seeks to limit the application of DTA in domestic legislation.
- Hierarchy of Laws
- Per VCLT, international law trumps domestic law. Can the Income Tax Act limit the application of DTAs on the domestic level?
- DTAs Post-2010
- Kenya India DTA expressly note that DTA provisions may by limited through domestic legislation.
- Sec 41 (5) -2014"benefit not to apply if fifty per cent or more of the underlying ownership of that person is held by an individual or individuals who are not residents of that other contracting state for the purposes of the agreement".

# Model DTA

- States free to structure DTAs in ways that best captures their mutual interest.
- The DTA models available are:
  - > OECD Model Tax Convention on Income and on Capital;
  - United Nations Model Double Taxation Convention between Developed and Developing Countries; and
  - US Model Income Tax Convention
- Should Kenya reconsider revising some DTAs?

## DTA provisions

- Methods for elimination of double taxation Article 23:
  - Exemption method 0
  - Credit method  $\cap$
- Articles 24 to 30: Special provisions
  - Non-discrimination  $\cap$
  - Mutual agreement procedure 0
  - Exchange of information Ο
  - Assistance in the collection of taxes  $\cap$
  - Members of diplomatic missions 0 and consular posts
  - Entitlement to benefits  $\cap$
  - Territorial extension  $\cap$
- Final provisions Articles 31 and 32:
  - Entry into force 0
  - Termination 0

This provides the methods through which relief from double taxation can be sought.

This provides for special concerns addressed by the DTA, such as exchange of information and non-discrimination provisions.

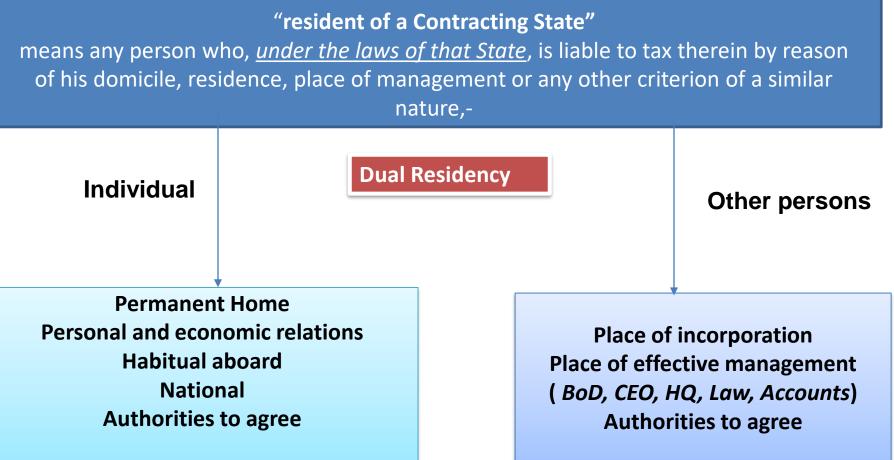

This highlights the process required in order for the DTA to come into force as well as termination procedures

# Concept of residency- DTA applies to persons who are residents of both or one of the contracting state.

DTA

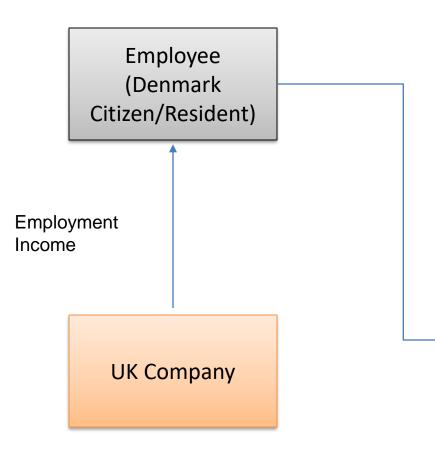

#### **Employment income- DTA Provision**

- Employment income taxable only in the residency state except remuneration derived from the other State.
- Remuneration derived in the other state is not taxable in that state if:

# Case study

#### Case Study

The proposed organisational structure is set out below:

#### Case Study

Applicable WHT rates are as follows:

	United Kingdom	South Africa	Non-Residents
Management and Professional fees	12.5%	Taxed as business profits	20%
Royalties	15%	10%	20%
Dividends	10%	10%	10%
Interest	15%	10%	15%

#### **Analysis**

•Discuss the possible tax planning opportunities based on the structure above and the tax implications for each.

•What are some of the issues that the revenue authority would raise on the tax planning strategy and what would be the defence.

•Assume that SSC SA is a branch of US ManCo and ManKE is a branch of UK hold Co. What key aspects of the tax planning would change and why.
