PROFILE

I am the current National Vice Chairman of ICPAK, having been elected unanimously by Council for two consecutive years in affirmation of the absolute confidence the Council has had in my leadership. Notwithstanding the ravaging social-economic effects of the pandemic, I have worked closely with the Council to steer the Institute out of the challenges caused by the first and second waves of COVID-19 and I remain confident that we shall overcome the threat of the third wave and continue to thrive.

I have served ICPAK for a continuous period of fifteen (15) years in various capacities, including six (6) years at the National level, and nine (9) years in regional leadership at the Coast ICPAK Branch where I also served as Branch Chairman from 2014 to 2016.

In 2014, I was nominated by ICPAK Council as a member of the pioneer task force that initiated review of the Accountants Act and drafted the proposed Financial Reporting Oversight Authority Bill, a project that was sponsored by the World Bank under the Report on Observance of Standards and Codes (ROSC) initiative. I am the Managing Partner of Mokuia Onwonga & Co, Certified Public Accountants and also Principal Partner with Ledger Registrars LLP, Certified Secretaries. With over 20 years work experience as a practitioner, I have gained invaluable experience cutting across private and public sector audits, investigations, special audits, accounting, and taxation, all as the Team Leader or Project Manager. I have also offered and continue to offer company secretarial services to various private and government corporations.

I am the Company Secretary of Kenya Petroleum Refineries Ltd and the Vice Chairman of the Mombasa County Public Service Board where I also chair the Board Audit, and Compliance Committee in addition to being a member of the Complaints Committee of the Board.

I derive my joy, inspiration and strength from my family; my wife, three lovely daughters and son who have taught me to serve with humility.

Suitability for Position of Chairman

I have been a member of the Institute in good standing since 2004. In 2008, I was elected as an executive committee member of Coast branch representing Practitioners. Since then, I have served in various capacities for a continuous period of 15 years. Over the years, I have participated and made presentations in various forums advancing the interest and growth of the profession both on legal and policy matters. For the years that I have served as a Council Member and National Vice Chairman, I have been able to table before Council for approval the following papers from the Committees/ Sub committees that I have chaired:

Some of these initiatives are in the implementation phase but, you will certainly note that, over the short period that I have been in Council, I have not only been results-driven but also focused on adding value to the profession and creating opportunities for all our members. I endeavor to dedicate myself and see that all pending matters are finalized and implemented over my term if elected as chairman.
