Message from Chairman

Dear Participant,
It is with great pleasure that I welcome you to the 38th Annual Seminar 2021 that is being held under the auspices of the Institute of Certified Public Accountants of Kenya at Sarova White Sands Beach Resort and Pride Inn Flamingo Beach Resort in Mombasa and virtually via zoom.

The successful outcome of the 37th edition in May and the health crisis at hand, generated an overwhelming response from our partners, sponsors, guest speakers and delegates, resulting in a unanimous request for the mounting of the second Annual Seminar to accommodate many who didn't make it in our traditional May Annual Seminar.

This year's 38th Annual Seminar will provide an excellent opportunity for regional and international business leaders and decision makers as well as Accountants, to connect, network and discuss how to develop innovative ideas and feasible solutions that will address the growing needs of doing business in a volatile environment.

The theme selected for the 38th Annual Seminar 2021 is **"Disruption and Uncertainty- Positioning Accountants as change agents in a dynamic environment"** and its objective is to create a forum for facilitating the exchange of practical experiences in all aspects of accounting, finance, and Economics in addition to seeking solutions to the various challenges that Accountants face.

The Seminar will focus on the following thematic areas:

- Emerging trends in the Accountancy Profession
- Economic headwinds and resilience
- Strategy, Audit and Analytics
- Self management, personal branding, and executive presence for professionals amongst others.

The 38th Annual Seminar 2021 will attract several organisations, professionals and experts taking part in the different facets of the seminar as sponsors, exhibitors, presenters, and speakers or simply as delegates. The daily sessions will feature specialized topics best suited to meet the needs of all attendees at this national event that is guaranteed to attract a widespread audience.

I look forward to welcoming all of you at the 38th Annual Seminar 2021.

**FCPA George Mokua
Chairman-ICPAK**

Theme: Disruption and uncertainty - positioning accountants as change agents in a dynamic environment

CEO's Message

Dear Delegates

DAs we wind up the year 2021, I must admit that it's been quite eventful for our profession due to the pandemic that sent shockwaves in every corner of the globe. This pandemic threatened the core of organizations' existence hence making it difficult to pull off from managing crises to focus on learning which is synonymous to our profession.

There is, however, an oasis on this desert like times which you can still count on during these unusual times: the 38th Annual Seminar 2021. And while we're in our 43rd year of existence, this Annual seminar truly reflects our current disruptive environment, focusing on both our profession's immediate needs for inclusive recovery and how we can shape a vision for the future. We Continue to solidify our status as a global world class institute of professional Accountants which offers learning dynamics that are unmatched.

Through our eminent speakers, a range of ideas will be presented highlighting phenomenal challenges and solutions as well. This seminar will feature the

Chief Justice of the Republic of Kenya and president of the Supreme court, Lady Justice Martha Koome who will address us on the theme of this seminar: Disruption and Uncertainty- Positioning Professionals as change agents in a dynamic environment among other speakers.

Owing to the ramifications of the pandemic, it will be remiss of us as an Institute to keep pretending that we can possibly host everyone on site, hence the reason why this seminar will be running on two fronts- physical and virtual attendance.

It is also noteworthy that this event is being held in two phases. The first Annual Seminar was held on **24th- 28th May 2021** while the second is happening on **15th-19th November 2021**.

The virtual format of this event has also presented a unique opportunity to extend an invitation to our entire regional community. Since we're not limited to how many participants we can fit into a dome tent, the **38th Annual Seminar 2021** is open to the public via this front. We encourage leaders across our region to attend these discussions about how our profession can support inclusive recovery and a prosperous future beyond the pandemic.

We hope to have you around for the weeklong learning cycle as we interact and develop new networks to help each other build back better in this disruptive environment.

Stay safe, connected, and healthy, and continue to let us know how we can help.

Annual Seminars - A brief history

Each year for the last 36 years, ICPAK has maintained a rich tradition of congregating once a year to reflect on the profession and emerging issues affecting the nation. The last seminar followed the same pattern as it sought to reinforce the role of professional accountants in safeguarding public interest. The 37th Annual Seminar attracted an average of 2,300 participants on both physical and virtual attendance, largely drawn from Kenya but with representation from Uganda, Tanzania, Rwanda and Mozambique.

The current event is targeted to attract a wider representation of East Africa and the continent at large.

Due to limited seats in line with the Covid 19 protocols on social distancing; the Institute shall hold two Annual Seminars this year (2021) to accommodate all the professionals that had expressed interest to attend the Annual Seminar.

The first Annual Seminar was held on 24th– 28th May 2021 while the second one for this year shall be held on 15th-19th November 2021.

This year's events mark 37 years since the time when the Institute held its first Annual Seminar in 1984. This demonstrates resilience and commitment towards the Institute's mandate and the Accountancy profession. Throughout these decades, the Annual Seminar has acted as a beacon of hope to the profession.

Occasioning from the social distancing requirements and additional protocols brought about by the Covid 19 Pandemic, the Institute shall hold the Seminar in two physical venues i.e Sarova White sands Beach Resort & Spa, and Pride Inn Flamingo Beach Hotel in Mombasa, Kenya with an option of live streaming and allocation of speakers and panelists across both venues.

The delegates' allocation to both venues shall be done based on date of payment basis, with the first venue being allocated the early paying delegates. The seminar shall also be streamed on the virtual platform where some members shall be participating.

ABOUT NuPEA

The Nuclear Power and Energy Agency NuPEA was established in 2019 under the Energy Act No.1 of 2019 and succeeded the Kenya Nuclear Electricity Board (KNEB). It is under the Ministry of Energy

NuPEA mandate entails:

- i. Development of Nuclear Power Programme for electricity generation in Kenya.
- ii. Carrying out research for development of energy technologies and capacity building for the energy sector.

VISION: To be a provider of safe and sustainable energy solutions.

MISSION: To develop nuclear power, and undertake research and capacity building in the energy and petroleum sectors for socio-economic prosperity.

Theme: Disruption and uncertainty - positioning accountants as change agents in a dynamic environment

Key Note Speaker

Lady Justice Hon. Martha Koome, EGH Chief Justice of Kenya

Lady Justice Hon. Martha Karambu Koome is the current Chief Justice of Kenya and president of the supreme court of Kenya. She is also the first woman to serve as Chief Justice in Kenya.

She holds an LL.B. from the University of Nairobi and an LL.M in Public International Law from the University of London. After graduating from University of Nairobi in 1986, Koome enrolled at Kenya School of Law the following year. She completed her Master's degree (LL.M) in Public International Law at the University of London in 2010.

Koome has distinguished herself as a defender of Human and Gender Rights. She was one of the lawyers who actively participated in the clamour for the repeal of section 2A of the Constitution and for the Independence of the judiciary. She is an acclaimed expert in family law and she takes a keen interest in the welfare of children. She was a runner up in the 2020 United Nations person of the year. In 1995 she was appointed by the African Union meeting of heads of states as a Commissioner to the African Committee on the Rights and welfare of children. She has also served as the Chairperson of the National Council on the Administration of Justice special taskforce on children matters where she helped steer the review of the Children's Act.

Speakers

FCPA George Mokuia

FCPA George Mokuia is currently the National Chairman of ICPAK following his election in June 2021. He also represents ICPAK in PAFA and IFAC boards.

He is credited for working closely with the Council to steer the Institute out of the challenges caused by the first and second waves of COVID-19 keeping the Institute resolute during the tempest.

He has served ICPAK and the accountancy profession for a continuous period of over fifteen (15) years in various capacities, including six (6) years at the National level, and nine (9) years in regional Leadership at the ICPAK Coast Branch where he was the Chairman from 2014-2016. In 2014, he was nominated by ICPAK Council as a member of the pioneer task force that initiated the review of the Accountants Act and drafted the proposed Financial Reporting Oversight Authority Bill, a project that was sponsored by the World Bank under the report on Observance of Standards.

He is the Managing Partner of Mokuia Onwonga & Co., Certified Public Accountants and the Principal Partner at Ledger Registrars LLP, Certified Secretaries. With over 20 years work experience as a practitioner, He has gained invaluable experience cutting across private and public sector audits, investigations, special audits, accounting, and taxation, all as the Team Leader or Project Manager. He has also offered and continues to offer company secretarial services to various private and government.

He is also the Company Secretary of Kenya Petroleum Refineries Ltd and the Vice Chairman of the Mombasa County Public Service Board where he also chairs the Board Audit, and Compliance Committee in addition to being a member of the Complaints Committee of the Board. He derives his joy, inspiration, and strength from his family; his wife, three daughters and a son.

Mokuia holds a Master in Business Administration from University of Free State, South Africa, Bachelor in Business Management from Moi University.

He is a Certified Public Accountant of Kenya – CPA(K) and a Certified Secretary of Kenya.

Theme: Disruption and uncertainty - positioning accountants as change agents in a dynamic environment

Healthcare

As human as you

AAR HEALTH CARE COMPANY PROFILE

AAR Healthcare Holdings Limited is a leading medical service provider with 3 subsidiaries in East Africa and one Hospital in Uganda. These include:

- 1) AAR Health Care Kenya Ltd,
- 2) AAR Health Care Uganda Limited
- 3) AAR Health Care Tanzania Ltd
- 4) Kampala Hospital Ltd

AAR Health Care Kenya Limited is a subsidiary of AAR Health Care Holdings Limited operating in Kenya as the leading provider of outpatient medical services in the country. As pioneers in the provision of private healthcare in the region, AAR's success has largely been driven by our people and their commitment to always offer high quality and affordable healthcare - by operating responsibly, executing with excellence, applying innovative technologies and capturing new opportunities for profitable growth.

Vision: To be the provider of choice for innovative and quality healthcare solutions in Africa.

Mission: We provide healthcare solutions that make a difference to life.

Values:

- o Nurturing
- o Excellence
- o Integrity
- o Heritage

Who We Are

AAR Health Care is the largest private provider of outpatient healthcare services in East Africa, with a network of 38 outpatient facilities across Kenya, Uganda and Tanzania with 18 of these clinics spread across the large towns in Kenya. We serve a footfall of >650,000 outpatient cases across East Africa; 300,000 of these within Kenya only.

At AAR Health Care, we employ experienced medical and management staff, and use internationally approved disease management protocols and drug formulary supported by the state of the art information technology systems to provide consistent treatment for our clients from anywhere in East Africa.

We differ significantly from other providers in the region, not only because of our comprehensive value chain, which can successfully treat those who are unwell, but because we have a strong focus on clinical risk management and provision of preventive care. This ensures that our clients receive all rounded, quality affordable healthcare on a sustainable basis.

Our Products and Services

I. Outpatient Medical Care

Our 21 outpatient centers are conveniently located near residential areas, shopping malls or the Central Business District offering patients convenient and easy access to healthcare facilities and medical consultation. We offer a wide range of specialist clinics, diagnostic services and treatments at each centre with each having its own set of key specialist services tailor-made to match its patients' profile. Each centre is also equipped with the latest medical technology and state-of-the-art facilities, providing the same high quality care.

II. Rescue Services – Air and Road

This is a 24 hours a day, 365 days a year operation. We provide a reliable yet flexible service, as well as offering ambulance services packages that meet the needs of our clients.

III. Event Coverage

AAR offers standby ambulance services at events across the country from marathons, Rhino Charge, sports events e.g. rugby tournaments, exhibitions and expos and corporate, public and national events.

IV. Trainings:

We also assist clients on a more personal level, offering First Aid and Life Support courses, designed to ensure lifesaving techniques and safety measures are embraced by rescue staff and the general public alike.

We are registered as trainers with National Industrial Training Authority and Directorate of Occupational Safety and Health, and our training team is constituted by a well-trained team of Paramedics, Doctors and Emergency Medical Technicians supported by a wide array of advanced medical techniques and equipment to ensure course attendants are well prepared to cope with the worst imaginable situation.

Every year, we train over 5,000 individuals both medical professionals and non-medical staff from over 100 corporate organizations across East Africa.

V. First Aid Kits

These are in various sizes and are available in all our centers and can be provided on request.

Kenya School of Revenue
Administration

INTRODUCTION

Kenya School of Revenue Administration (KESRA) is Kenya's National Customs and Tax Training Institution. It is fully owned by Kenya Revenue Authority (KRA). KESRA is the only Institution in Kenya mandated to train in Revenue Administration. KESRA is one of the four accredited World Customs Organization (WCO) Regional Training Centres (RTC) in Africa. WCO RTCs are part of the World Customs Organization capacity building initiatives in Customs administrations in the world. As WCO's RTC, KESRA provides training services to 21 countries in the WCO ESA Region.

The school specializes in training in the areas of Tax, Customs, Fiscal Policy and Management. KESRA has two Campuses with the main Campus located in Nairobi and a satellite Campus in Mombasa. It has collaborations with several universities including Munster University of Germany and Moi and Jomo Kenyatta Universities in Kenya, among others.

In line with its philosophy of providing quality training services and enhancing efficiency and integrity in work performance, the School not only trains KRA staff but also provides tailor made training programmes to members of the public and government departments.

KESRA's training consultants also facilitate in various programmes organized by other government departments, Revenue Authorities, devolved governments, mainstream industries and various learning institutions in the region. The consultants also assist public and private entities with interventions in the areas of tax, customs and fiscal management.

Vision

To be a world-class training institution in public finance management for human capital development

Mission

To provide globally competitive training, research and consultancy in public finance management by leveraging on skilled and experienced faculty and technology.

Core values

- Customer Focus
- Quality
- Creativity and Innovation
- Teamwork
- Professionalism and Integrity
- National Cohesion

Theme: Disruption and uncertainty - positioning accountants as change agents in a dynamic environment

Dr. Mohamed Omar

Dr Omar is a seasoned leader in the broad areas of strategy and policy with experience that spans academia and the public sector. He is currently the Commissioner for Strategy, Innovation and Risk Management at the Kenya Revenue Authority (KRA). His remit at the KRA includes offering leadership in such areas as strategy, policy, and research.

Prior to joining KRA, he was the Economic Pillar Director at the Kenya Vision 2030 Delivery Secretariat. At Kenya Vision 2030, he was responsible for giving overall leadership and strategic direction to the implementation of the flagship projects. He has also worked as a lecturer at the University of Nairobi. Dr Omar has a keen interest in the transition to a knowledge-based economy and in the impact of emerging digitalization of the economy.

CPA Allan Kilavuka

CPA Allan has been at the helm of Kenya Airways since April 2020 as the airline's Group Managing Director and Chief Executive Officer.

He was previously the Chief Executive Officer and Managing Director of Jambojet Limited, a fully owned subsidiary of Kenya Airways Plc. Allan took over this role right at the beginning of a very difficult time for Kenya Airways and the aviation industry in general. He has managed to navigate the airline through these turbulent times and keep the planes flying through a string of measures and initiatives.

With over 23 years' experience in leadership and management, and extensive knowledge and experience in the Africa business environment, Allan has proven success in new organization set ups, change management, financial planning, integrations, process improvement and company compliance and responsible strategic leadership.

He holds a Bachelor of Commerce Degree from the University of Nairobi and holds a Postgraduate Certificate in Psychology from the University of Liverpool. He has trained at GE's world class Crotonville Leadership Institute in New York, USA in Executive Leadership, Advanced Management and Financial Planning. He is also a member of the Institute of Certified Public Accountants of Kenya (ICPAK)

Theme: Disruption and uncertainty - positioning accountants as change agents in a dynamic environment

Mr. Michael Onyango

Michael Onyango is a thought leader and regional communications and policy expert, Michael roles include Regional and Internal Communications Coordinator – Africa Center for Diseases Control - international consultant for the UN SDG Innovation Lab. His experience includes Government Relations, Government Affairs, public affairs, and regulatory communications for Sub Saharan Africa. He has also served in various capacities in the Kenyan government, most notably in his role as County Minister for Kisumu.

Michael is passionate about connecting the African generation to first-class, global opportunities and has continued to do so within the public and private sectors. His formal academic background in the Sciences, combined with his work history within the communication and creative industries have sharpened his expertise in leading crisis communication responses, anticipating emerging issues and developing viable solutions.

His demonstrated track record in building strong working relationships with leaders in the public, private and non-governmental sectors has seen Michael participate in insightful world talks in over 38 countries around the world.

CPA Dr. Caesar Mwangi (PhD)

Caesar is the Chief Executive Officer of ICEA LION Insurance Holdings Ltd, as well as Director of ICEA LION Life Assurance Company, ICEA LION General Insurance, ICEA LION Asset Management Company and the ICEA LION Trust Company.

He has had an illustrious career in various management and leadership roles spanning over 25 years in various locations in Africa.

Prior to joining the ICEA LION Group, Caesar served as the Managing Director of Sasini PLC (Agribusiness), Africa Regional Director of the Global Village Energy Partnership (Renewable Energy), Chief Executive Officer of Trans Africa renewable energy enterprise Sunny Money, Finance Director of the Independent Mediation Service of South Africa, and Associate Director of the Consultative Group in International Agriculture Research among other roles. He has also been a visiting Lecturer at the Strathmore Business School where he has facilitated various executive development programs.

He has a PhD. in Organizational Performance and Change Management from the University of Johannesburg, an MBA from the Wits Business School in Johannesburg, and a BA in Economics from the University of Nairobi. He is also a Certified Public Accountant (CPA), a Certified Internal Auditor (CIA) and a Certified Executive Leadership Coach.

He is married and is a father of boys and girls who give him the reason to continuously strive to be the best version of himself as he contributes to a better future for the next generation.

Theme: Disruption and uncertainty - positioning accountants as change agents in a dynamic environment

Before joining the Authority, Eng. Tanui was Deputy Country CEO and Vice President Huawei Technologies. Eng. Tanui has worked in several countries in Africa and also in China. He holds a bachelor's degree of Technology in Electrical and Communication Engineering and MBA in International Business.

Strathmore UNIVERSITY

BUSINESS SCHOOL

STRATHMORE BUSINESS SCHOOL

Strathmore University Business School (SBS) is set to transform leadership in Africa in the 21st Century and has taken the responsibility of influencing leadership of public and private sectors in the continent. This we believe is our overarching mission at SBS, Service to Society through the development of international executive business management and leadership programmes.

Since its inception in 2005 and coming at a time when the world and Africa face extraordinary challenges, SBS's mission to develop transformative business leaders is even more relevant. The bewildering rate of change in new ethical and governance challenges increases the

demand for great ethical leaders with a passion for excellence. Such leaders will make wise decisions that balance short-term considerations with the achievement of long-term objectives. By the use of globally tried and tested teaching methodology using case studies, using both local and international faculty, while at the same time partnering with local industry experts who draw and localize the experiences on the ground, we ensure that our programs foster a culture of continuous learning. This has seen us being recently ranked third in the Webometrics ranking of business schools in Africa which is a revelation of our continuous commitment for excellence.

AA Kenya is a Premier Motoring Association which is trusted locally and internationally in the area of Mobility. Founded in 1919, the Association is a household name and part of the history of this great country, Kenya. With over 100,000 members by end of September 2021, the Association has 35 branches spread across the country, a Training Institute and an Insurance Brokerage Firm.

Internationally, AA Kenya is a member of Federation Internationale de l'Automobile (FIA), the world motoring body which represents over 100 million motorists and their families. FIA brings together 246 international motoring and sports organizations from 145 countries in 5 continents.

Theme: Disruption and uncertainty - positioning accountants as change agents in a dynamic environment

COURSE LIST

At a glance

KCA University is a premier business university whose main campus is situated in Ruaraka along the Thika superhighway. The University takes pride in producing world-class graduates committed to excellence, integrity and service to the community. A diverse selection of competitive academic and professional programmes are offered at an affordable rate and delivered by competent faculty who are leaders in their field of expertise. KCA-U has campuses in Kisumu, Kitengela, Nairobi Central Business District and a learning center in Amagoro.

Accreditation

KCA University is a fully accredited university with a charter awarded on 1st March 2013. The University programmes are recognized for further education and employability in Kenya, the region and the world. These programmes include Graduate, Undergraduate, Diploma, Certificate and Professional courses. KCA-U is growing its bouquet of programmes to include degrees that are relevant to a dynamic industry that requires innovators and job creators.

Student Centered Learning

Our faculty are interested in you! They are highly qualified in their fields and have industry experience and linkages that help them mentor and prepare you for the workplace and future academic work.

Facilities

KCA-U boasts an ultra-modern library which seats 1,500 and provides access to an extensive collection of books, periodicals (magazines and journals), audio-visual material, electronic databases and journals. The Martin Oduor-Otieno Library has an in-built network link and reliable wireless internet that facilitates research and academic discourse on a global platform.

Lectures in the main campus are held in the contemporary-design tuition complex which accommodates more than 3,000 students. The complex has integrated digital equipment in the 50 classrooms, 9 state-of-the-art computer labs and 5 lecture theatres incorporating modern ICT in the learning process and resulting in a versatile graduate.

Student Affairs

At KCA-U the holistic well-being of students is the priority. The student support facilities include a professionally run counselling unit and clinic as well as a well-equipped gym. Students are encouraged to grow their leadership skills and personal strengths by joining any one of the 30 vibrant clubs and interest groups. With a strong sporting heritage, KCA-U teams represent the University in various inter-varsity sporting activities and professional leagues.

Employability

Private University in Kenya with graduates most preferred by employers- British Council Employability Report 2016
