## FAQs Answers

1. Do Courses expire? The short courses do not expire but certifications expire after 3 months. This is to ensure members do not buy content and leave them halfway. We can extend your period once after the expiry.
2. What's next after watching? CPDs will be updated automatically and will reflect in your dashboard within the day.
3. For certifications, you will be awarded a hard copy certificate which can be picked up at ICPAK offices at the CPA Centre. These can also be mailed.
