#Thrive with us and #Come as you are

KPMG Manager, Audit (Financial Services/Consumer & Industrial Markets)

KPMG is a global network of professional services firms providing Audit, Tax and Advisory services. Our purpose is to inspire confidence and empower change. We have a notable Africa Footprint serving clients across the continent. Our East Africa practice comprises Kenya, Uganda, Tanzania, and Rwanda.

The Nairobi office serves as the regional coordinating office providing the required networking to facilitate delivery of services on a timely basis to meet and exceed our clients' expectations.

The role shall be based in Kenya.

Key roles and responsibilities

- Taking ownership for the engagement from start to finish - initiating action, anticipating requirements and facilitating discussions, using proficiency in ISAs, KAEG, KCW and local accounting standards.
- Maintaining a relentless focus on quality and strive to uphold the highest professional standards and levels of objectivity, independence, ethics and integrity within our system of quality management and be as transparent as possible with colleagues and clients to help deliver exceptional services.
- Supporting the Audit business development activities including strategy, opportunity tracking, proposal writing, lessons learning and thought leadership.
- Building strong working relationships and interactions with clients to ensure continuous efficient information flow from the client to the audit team.
- Continuously building confidence in dealing with clients and gain deeper knowledge on tasks in preparation for more complex engagements and client relationship building for client retention and growth.
- Identifying early warning signals and communicating challenges and possible solutions, as well as potential opportunities, to their senior manager/associate director/partner.
- Actively and quickly develop technical skills through on the job learning and through formal training. This includes taking ownership of own professional and career development, demonstrating learning agility and challenging oneself and others to improve.
- Demonstrating exemplary project management skills. This includes focusing on engagement economics management including tracking of budgeted time, prepared by the client lists (PBCs) and preparing billing analyses for review and action by more senior team members.
- Providing regular project status updates against key performance indicators.
- Strengthening critical thinking and professional judgment skills including improving technical research skills as well as oral and written communication skills.
- Developing strong business acumen and industry knowledge to demonstrate value-add client service.
- Demonstrating capacity and capability for continuous learning including actively seeking specific feedback from peers and managers and providing constructive, honest and timely feedback to team members working under you.
- Maintaining compliance with all firm policies and procedures.

Academic/Professional qualifications and Experience:

- An undergraduate degree from a recognized university.
- Must be a Chartered Certified Accountant.
- 8 years' experience in a professional accounting firm in accounting and/or auditing field with at least 1 year in a managerial position.
